

Evaluation System (Primary Section)

- The school believes in stress free education, so we have adopted the system of Continuous and Comprehensive Evaluation. It comprises formal and informal evaluation of the students for the year. This system necessitates regular assessment, frequent informal evaluation, timely written tests and analysis of performance and adoption of appropriate corrective measures. The aim is to promote knowledge and understanding.
- For the purpose of evaluation of students following method has been adopted.
- The entire academic session is divided into two semesters :
